# **CONTENTS**

01	Group results

- O2 Segment reporting
- O3 Financial investments
- O4 POSR share and dividend policy
- 05 Solvency position

# Performance highlights

Growth in gross premiums written of 13.9%

primarily in the **motor business** due to growth in average premiums and the number of policies sold

and in the **life business** due to improved policy sales and additional premiums on existing policies

Net profit of €44.5m (1-6/2024: €40.0m)

**Better insurance service result**: higher revenue in all segments, favourable claims development in the reinsurance business and a more favourable expense ratio

Better investment result: investment at higher interest rates

# Continued growth across all operating segments

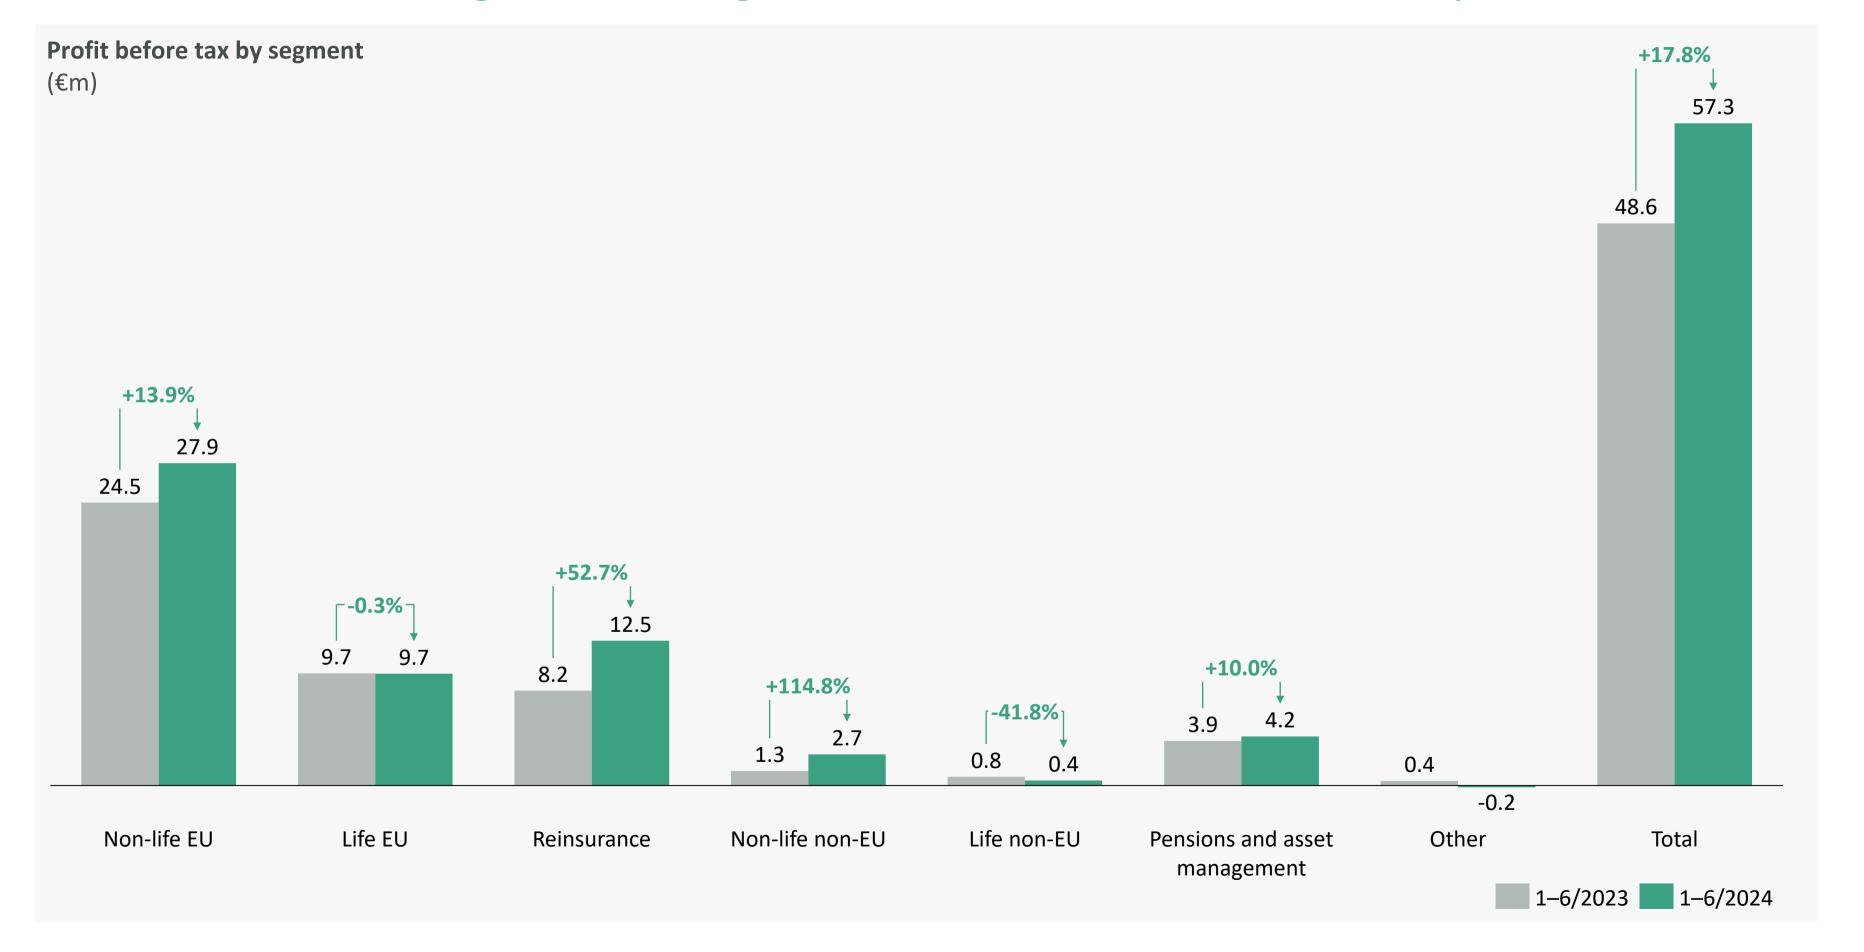

# Business volume: inflationary price adjustments and organic growth

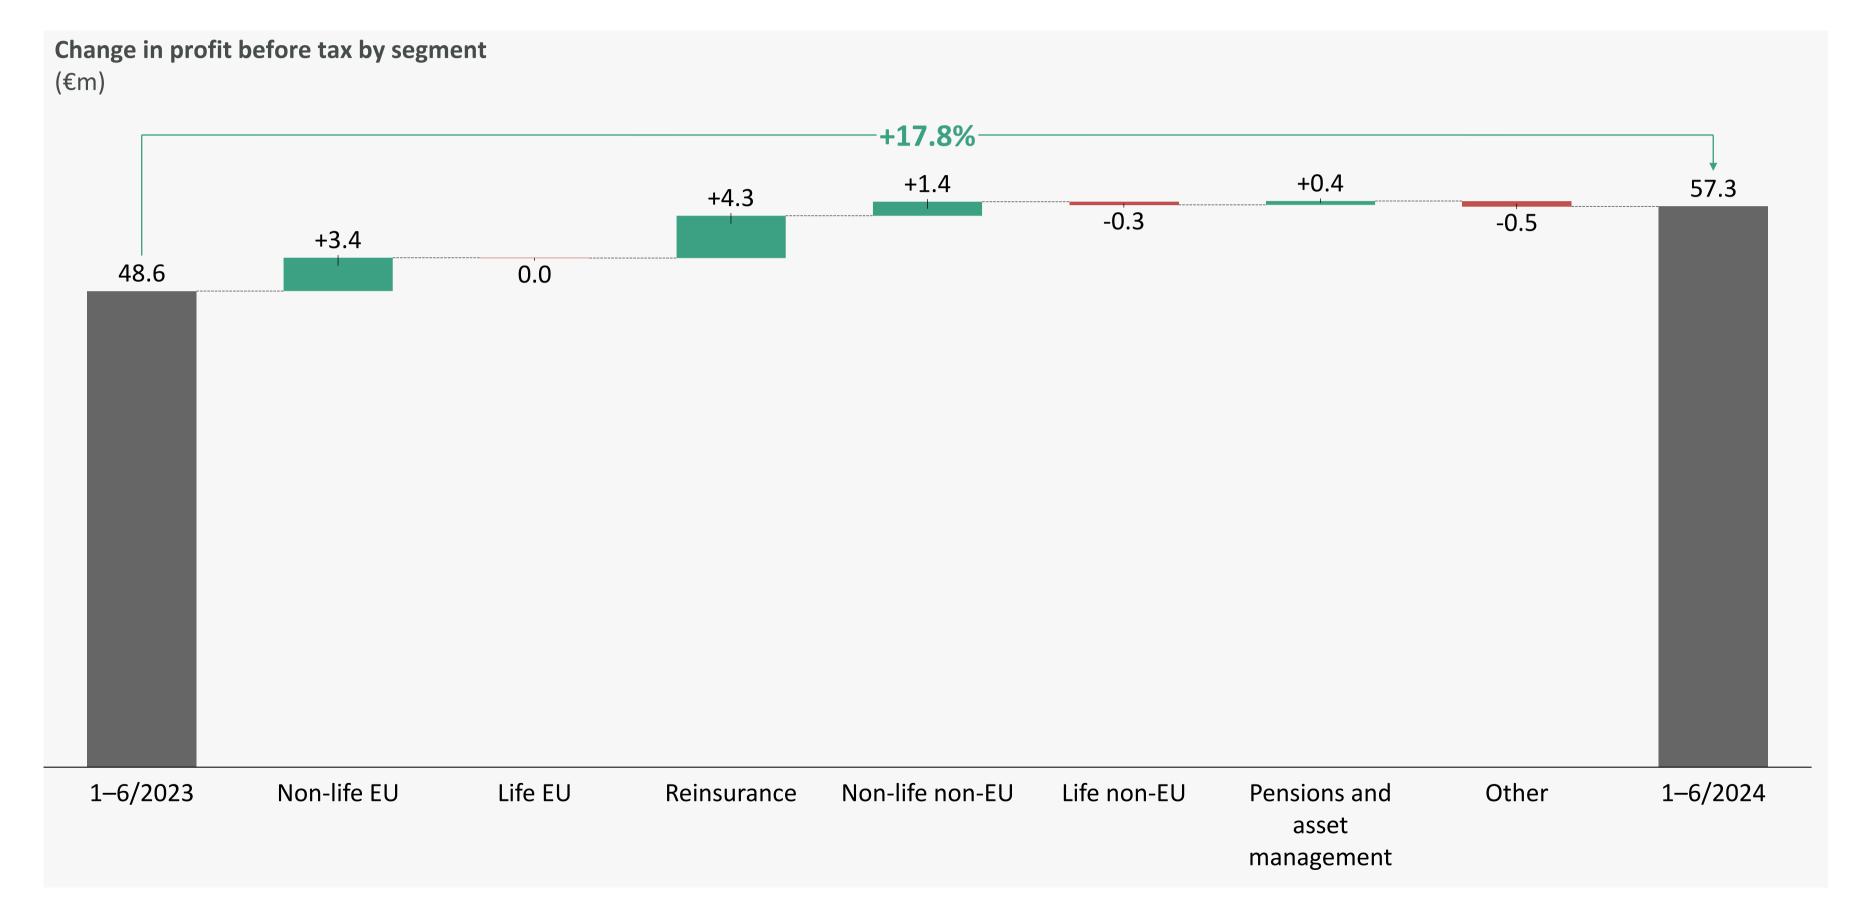

# Profit before tax: high revenue growth and favourable claims experience

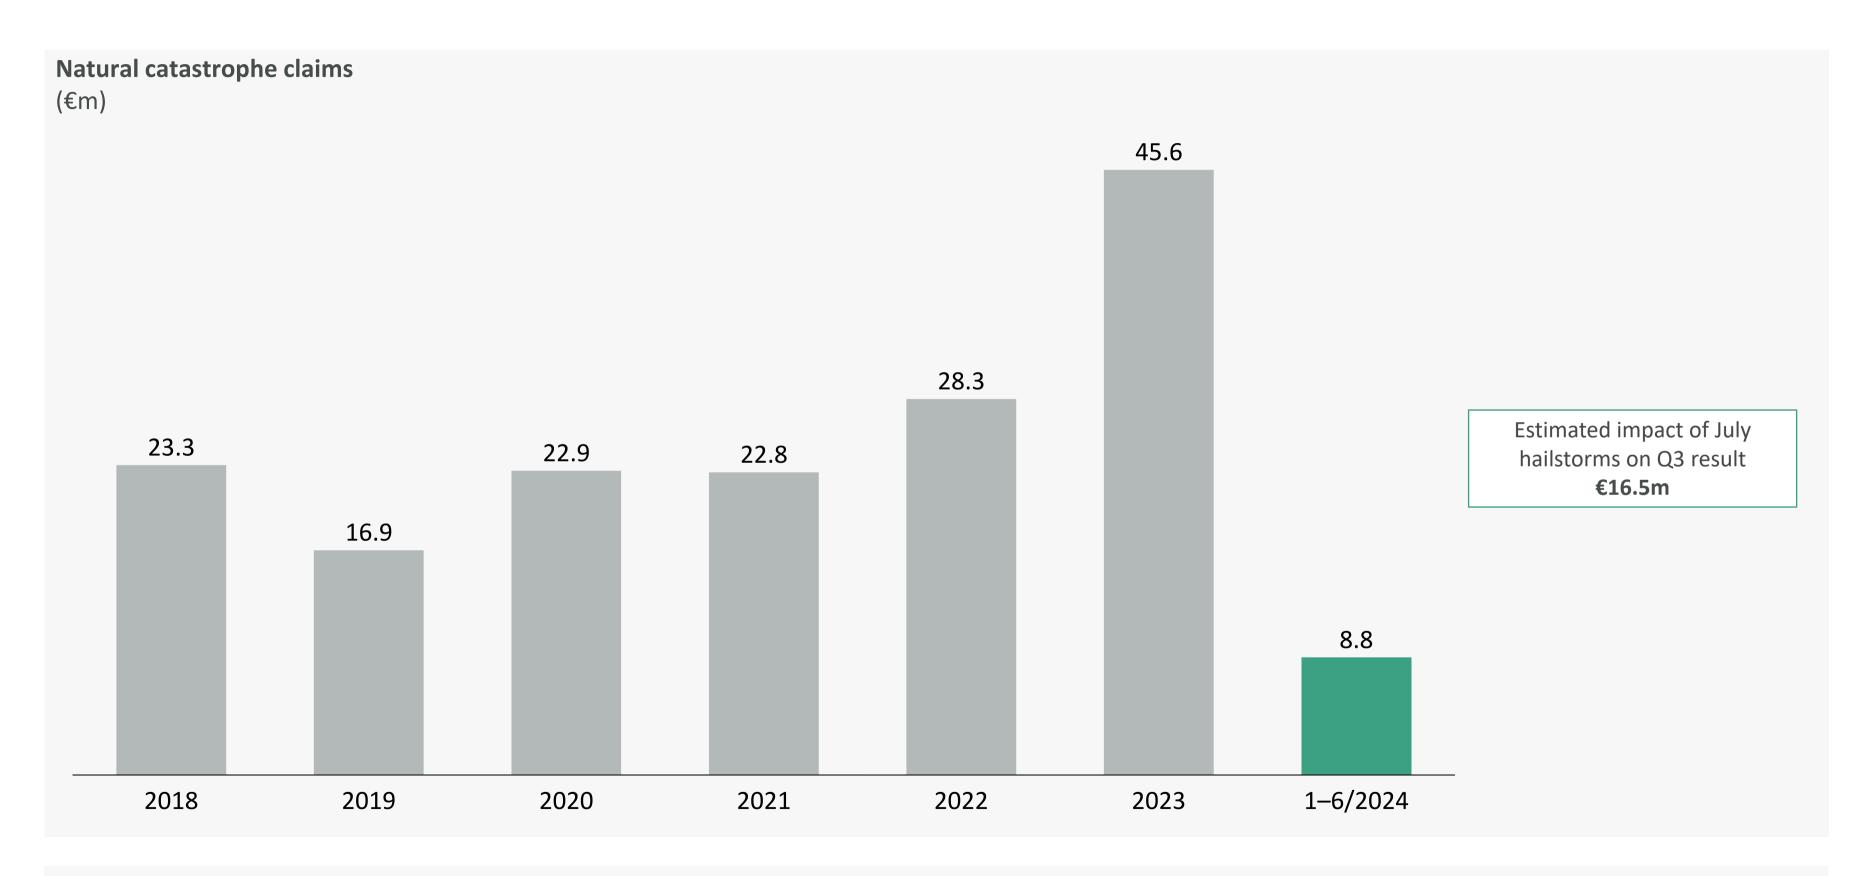

# Profit before tax: high revenue growth and favourable claims experience

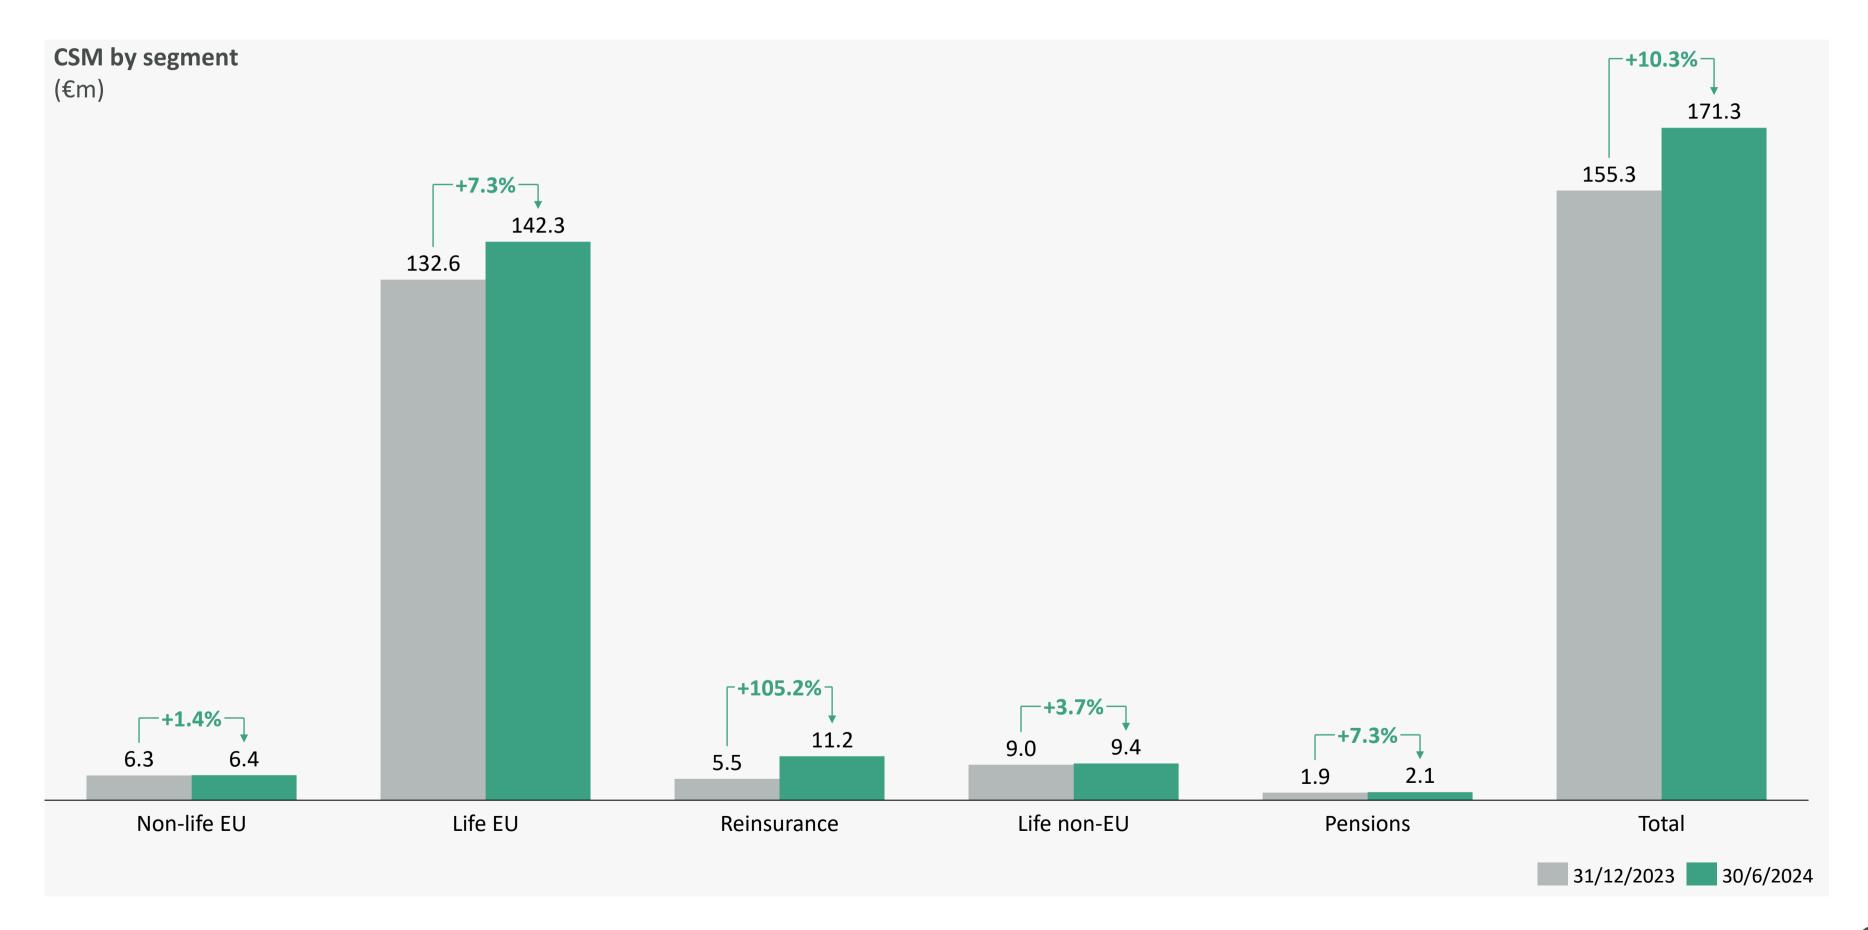

# Impact of natural catastrophe claims

Includes net claims affecting the (re)insurance portfolios of the Group companies resulting from natural perils (such as windstorm, flood, earthquake and hail).

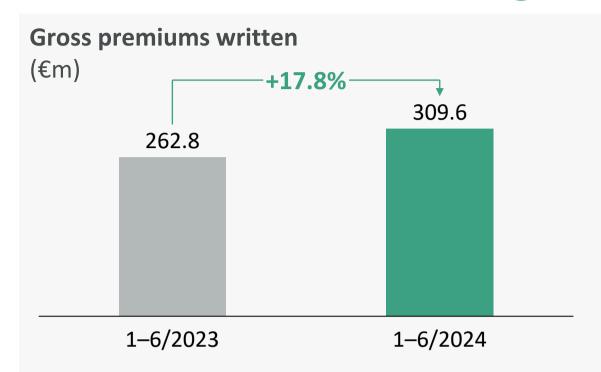

# Continued CSM growth

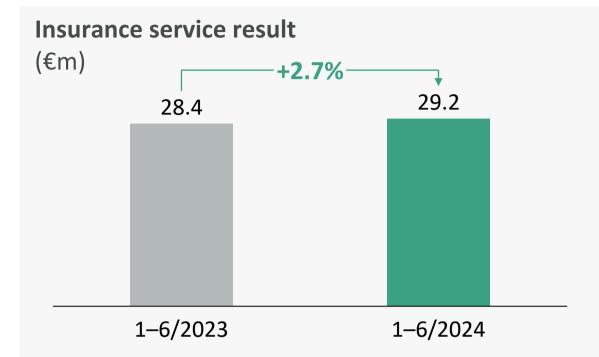

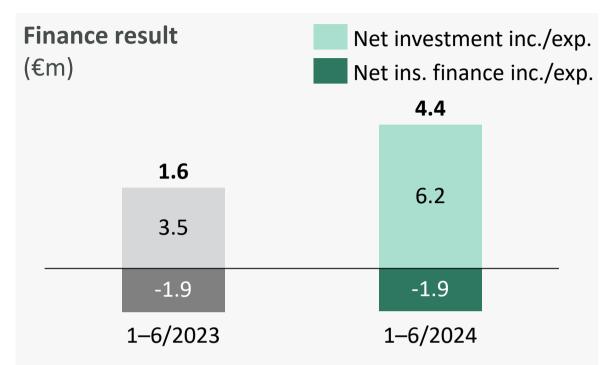

### Non-life EU: Revenue growth and improved cost efficiency

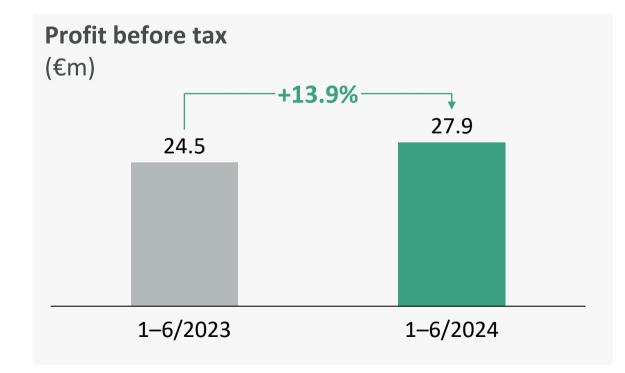

- Growth mainly in the personal motor segment, driven by price adjustments in line with inflation and an increase in the number of policies
- Growth also in residential and commercial property business

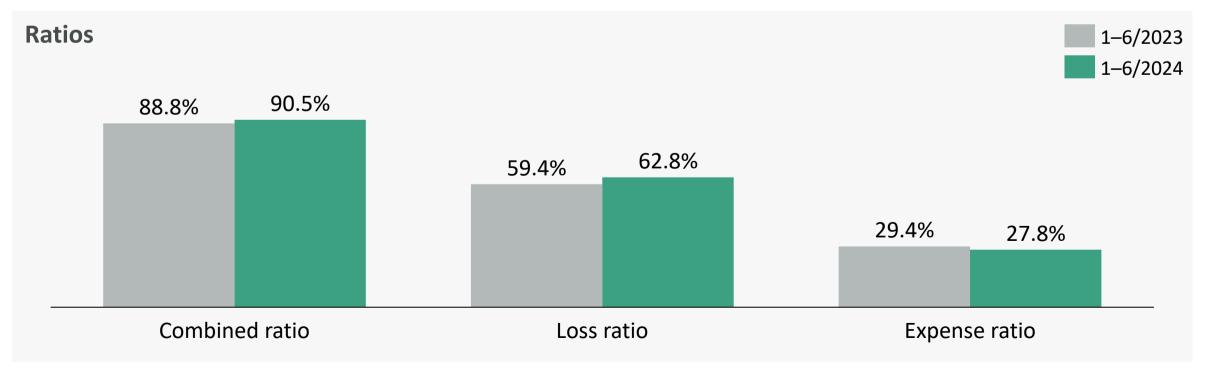

- Impact of higher insurance revenue due to premium growth
- Increased expenses for reinsurance contracts held due to portfolio growth and reinsurance pricing following last year's weather losses
- June 2024 storm impact of €8.3m

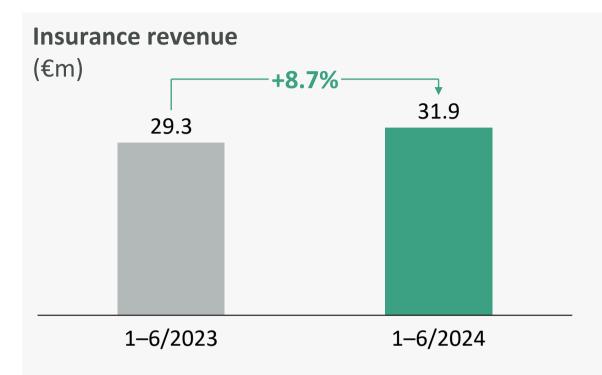

- Larger portfolio and reinvestment at higher interest rates
- Higher net income from change in fair value of FVTPL assets

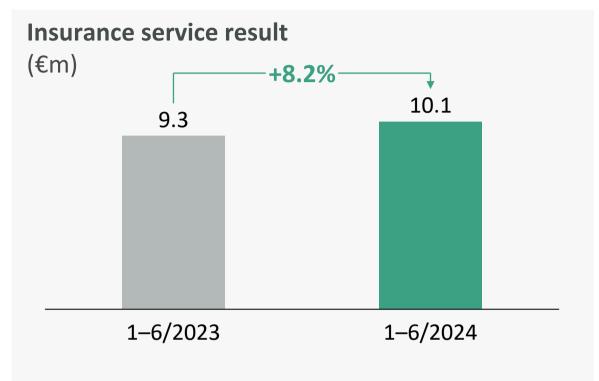

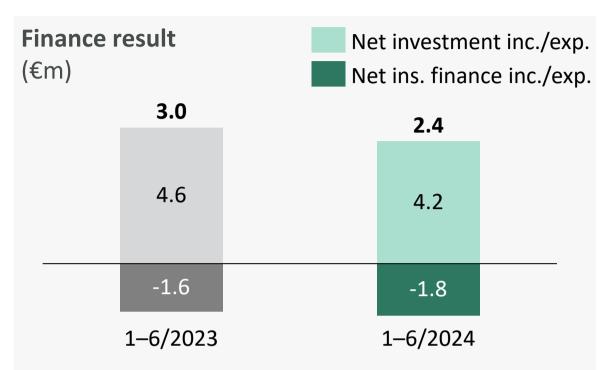

#### Life EU: robust growth in unit-linked premiums

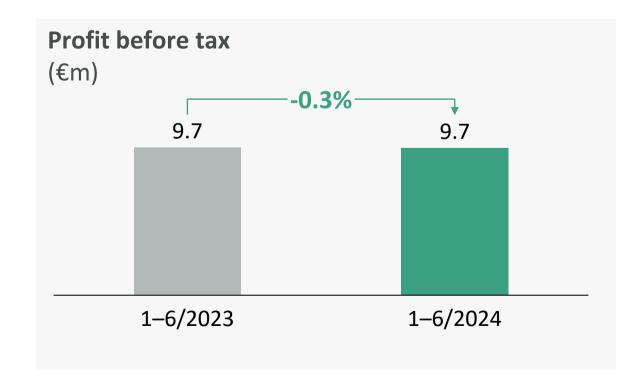

• Higher revenue due to growth in the number of policies and additional premiums on existing policies

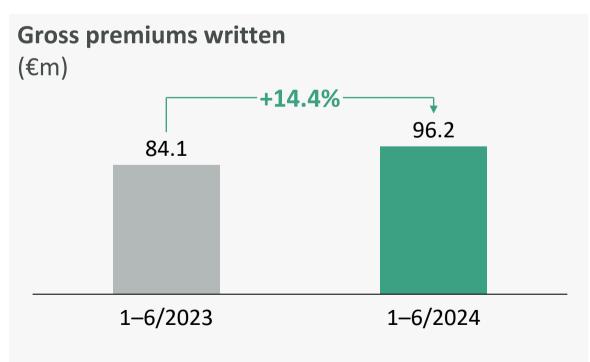

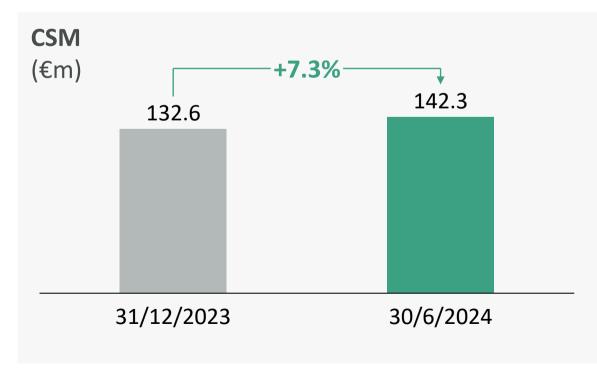

- Higher insurance revenue reflecting growth in sales
- Slightly more favourable claims development

- Decrease in interest income due to smaller traditional life portfolio
- Less favourable performance of FVTPL assets

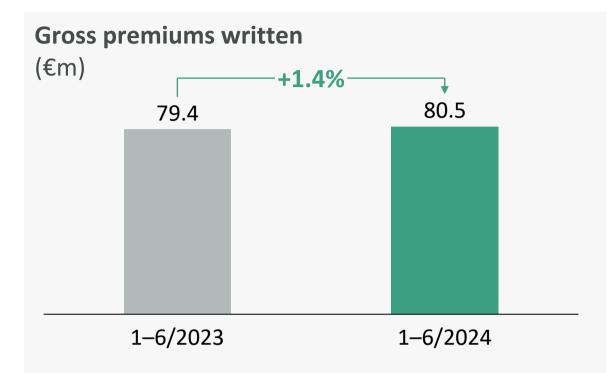

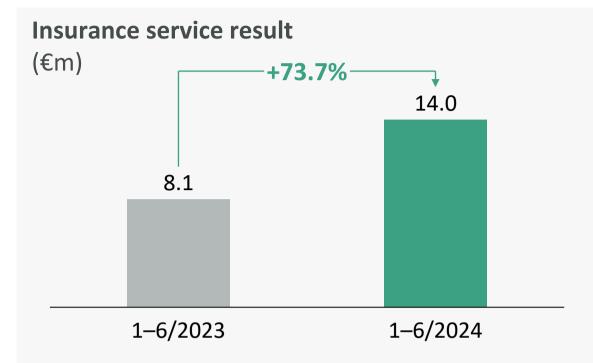

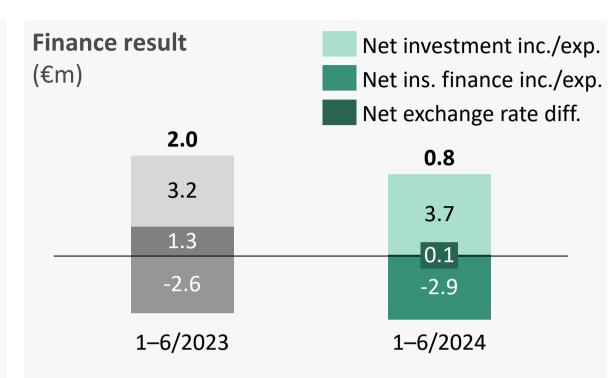

#### Reinsurance: no major loss events

 Increased capacity in the capital markets, resulting in less favourable reinsurance terms and conditions and lower premiums in some of our key markets

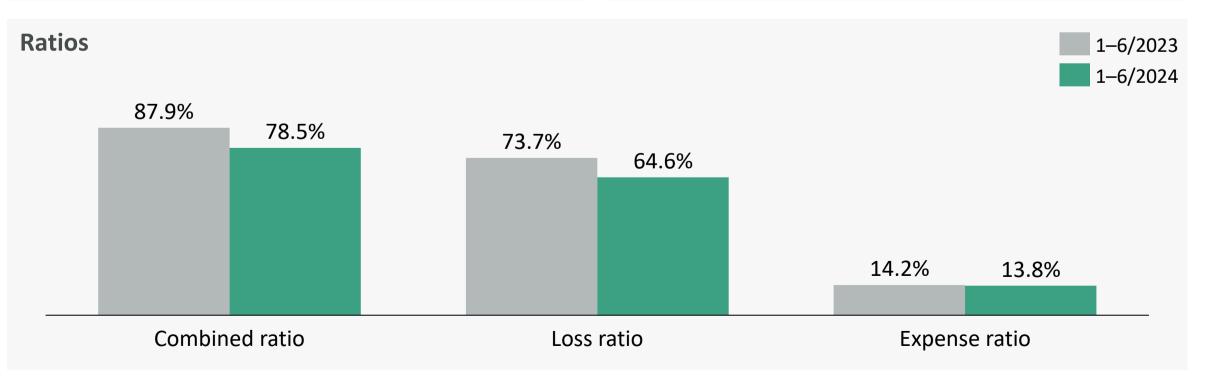

- Revenue growth faster than claims growth
- No major loss events

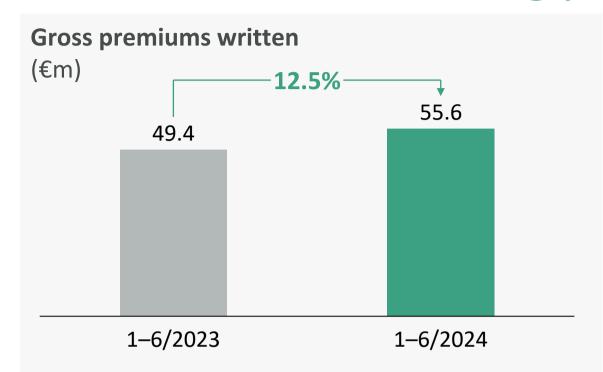

- Higher interest income as a result of investments at higher interest rates
- Higher finance expenses due to higher discount rates

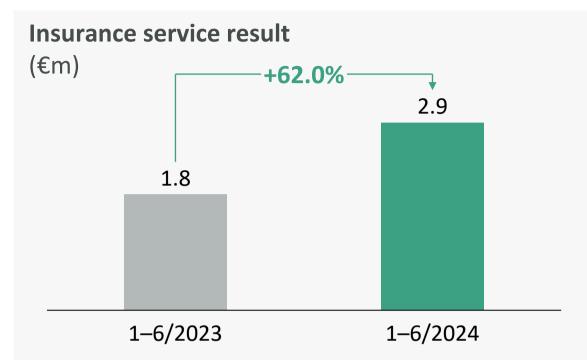

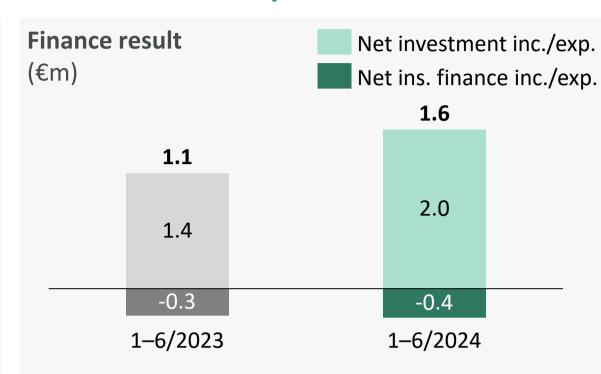

#### Non-life non-EU: strong premium growth and improved claims experience

 Growth in motor and property business due to increased number of policies written, with premium growth also seen in most other classes of insurance

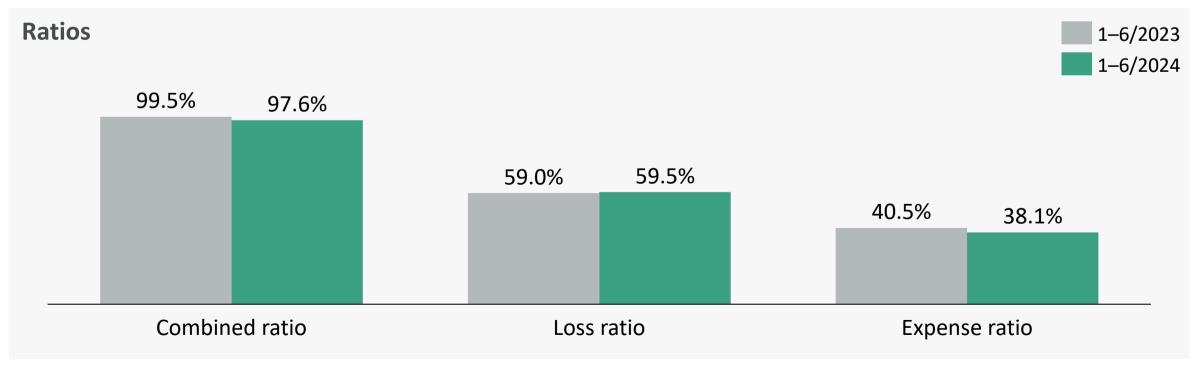

- Increased insurance revenue due to growth in gross premiums
- Improved claims experience in some markets

 Higher interest revenue reflecting portfolio growth and higher reinvestment rates

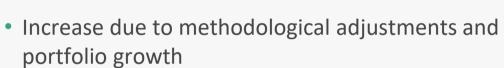

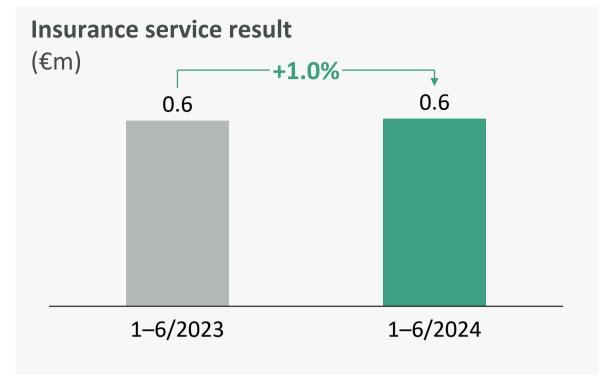

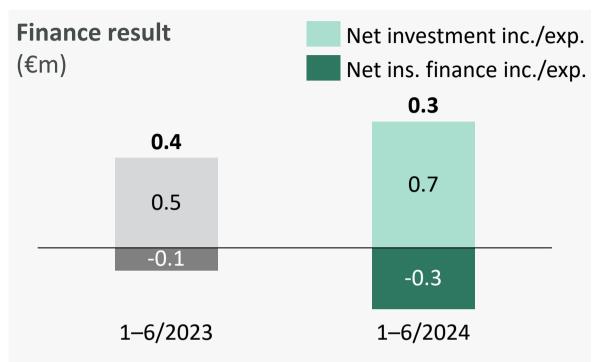

#### Life non-EU: revenue growth

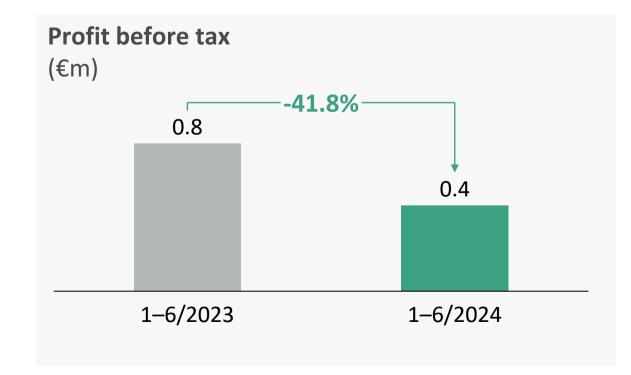

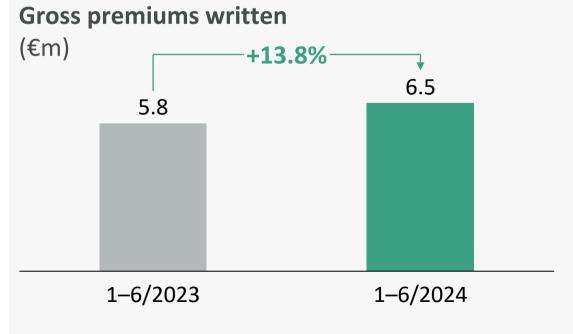

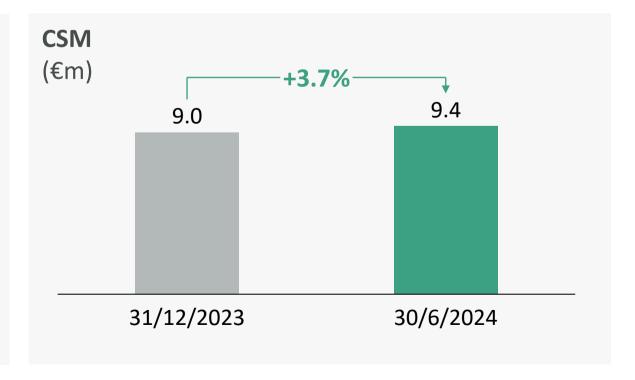

- Increased interest income as a result of higher interest rates
- Higher net insurance finance expenses due to higher discount rates

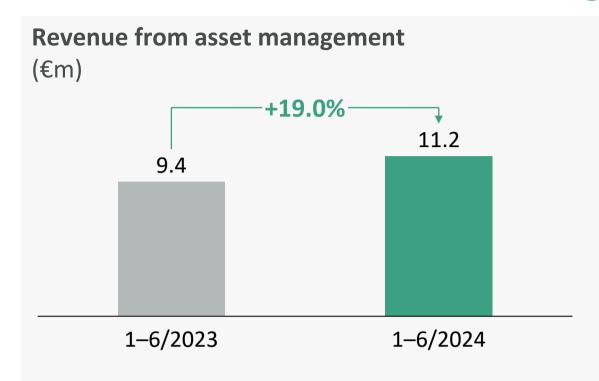

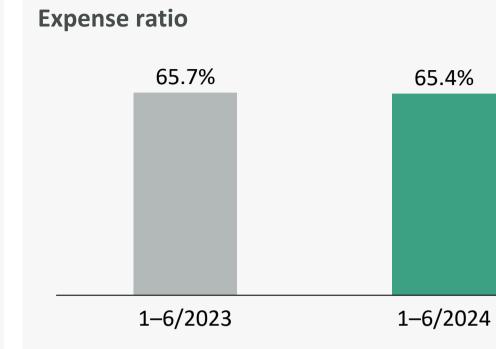

#### Pensions and asset management: robust growth in net fund inflows

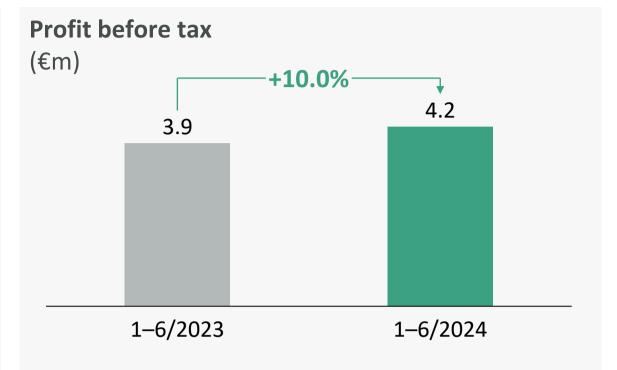

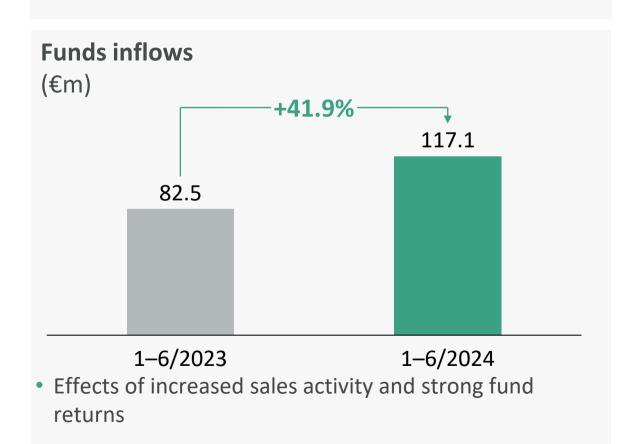

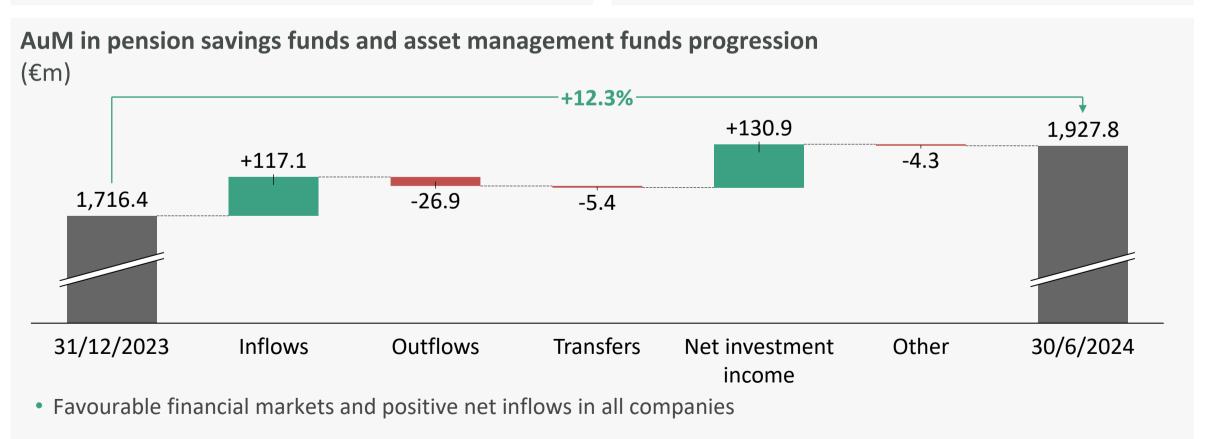

• High growth in revenue and lower growth in expenses

65.4%

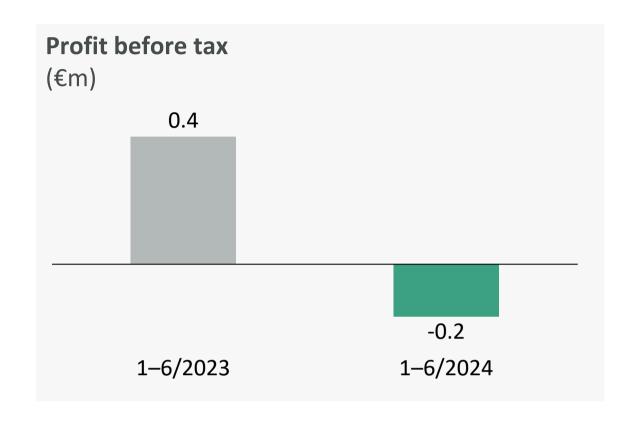

- Increased asset management revenue
- In 1–6/2023, one-off income of €0.3m from the sale of a property

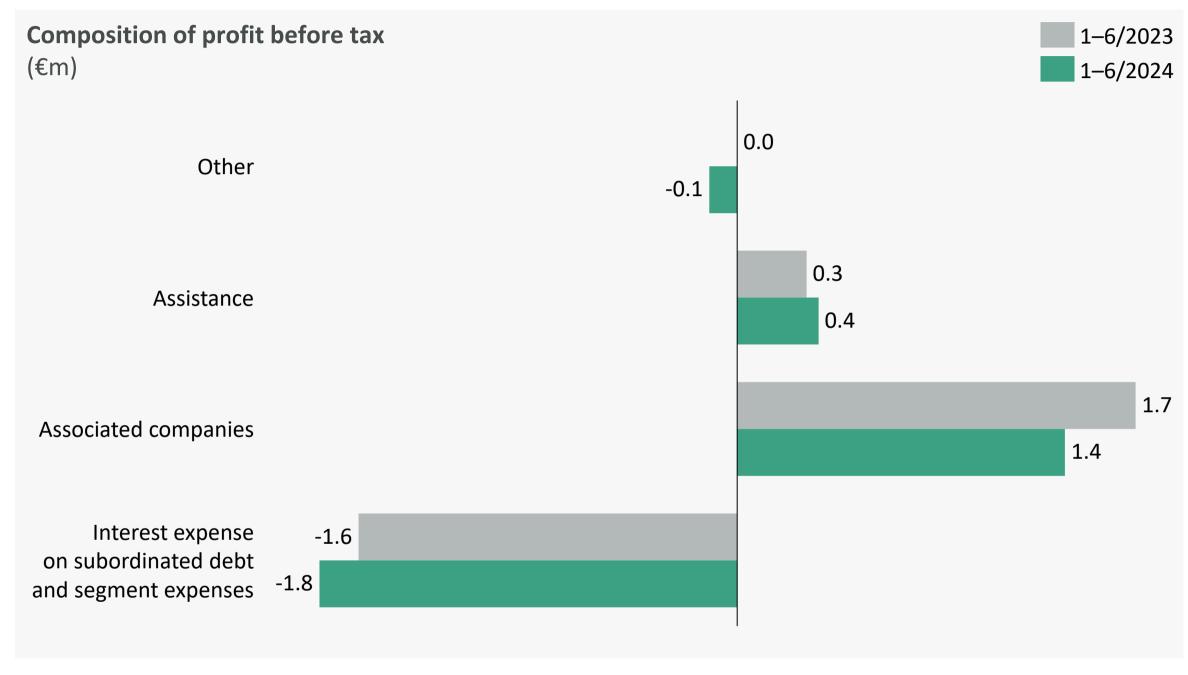

# "Other" segment: one-off impacts
